"There is only one difference between Dream and Aim. Dream requires effortless sleep and Aim requires sleepless efforts. Sleep for dreams and Wake up for Aims." Swami Vivekananda

In the age of competition only the fittest will survive. The numbers of executive (IAS, IPS etc.) from Assam and North-East are relatively low in comparison to the rest of the country and this is because these states are lacking a proper competitive environment and guidance. Students need to move to Delhi for a better coaching and guidance, which is not affordable for all. Sankardev IAS Academy Guwahati (Promoted by Sailaja Sankalp Social Trust) is bringing these facilities to the doorsteps of the student community of Assam and North East at a very affordable cost.

Sankardev IAS Academy Guwahati is the right platform for him/her who has a desire to become a responsible civil servant of the country through success in competitive examinations. We want a movement among the students and parent community of Assam for civil service examination and Sankardev IAS Academy will be the epicenter for this movement.

The aim of Sankardev IAS Academy Guwahati is not only to coach the student for civil service examination but also to build a good citizen at the end, so that s/he can deliver the best to the society and the community gets benefited. The Faculties are among the best faculties hired from Delhi who have 10 to 15 years of proven experience of producing several civil servants. This place is for all the aspiring students. We provide necessary helping hands to the economically weaker students who have a zeal to become a civil servant and a good citizen.

I hereby appeal to the students and their parent community to join this movement for civil services with Sankardev IAS Academy
